May 15, 1962

Dear Marvin,

I cannot express how honored I am to autograph a possession of such a dear and treasured friend. Although this is the end of our high School education, I hope it will not be the end of our friendship, only the beginning of a more treasured one. Things just didn't seem to work out for you and I, and for that I am truly sorry. I wish we could've been better friends, but we had different personality types and we couldn't seem to compromise.

I hope, then, that the times we have had together will remain with you. They will remain with me always. I hope there is something about me that fills a space in your heart.

Remember the good times we have had together and also double dating and triple dating with Barbara, Alice, Lacky and William, what fun we had. Although we didn't date often with Tony and Bobby, the times we did were lots of fun. Remember the Sat. night & also the time we went to the movie. Remember with Clarkson & Herman, Barbara and William and the racing on the way back. Remember the times when we would be mad with each part. Try to remember all the good times we have had & not think too much of the Bad.

I will always remember how considerate you did & said you were to me during the time of my mother's Death. She liked you a great deal. I don't know how I would have made it without your help. It is funny how you can be happy one moment and sad the next.

When the time comes for you to be married

I will say a prayer for you, praying that all the Love, Sweetness and Kindness of your body is not being wasted and that someone is receiving the benefit of your being here. I only hope she will give you the same type of love in return. Some of the girls know of your love & how sweet it is, but to the girls you have asked for dates, but never slaved [illegible] you the thrill of your love.

When the sea begins to boil, the sun begins to fail, the earth begins to burn and the heavens pass away. My Love for you will remain unshaken.

I'll say I love you to that, there can be no end. But Loving only you I do take dreams. The time has come for us to part, but I hope I will always remain special in your heart.

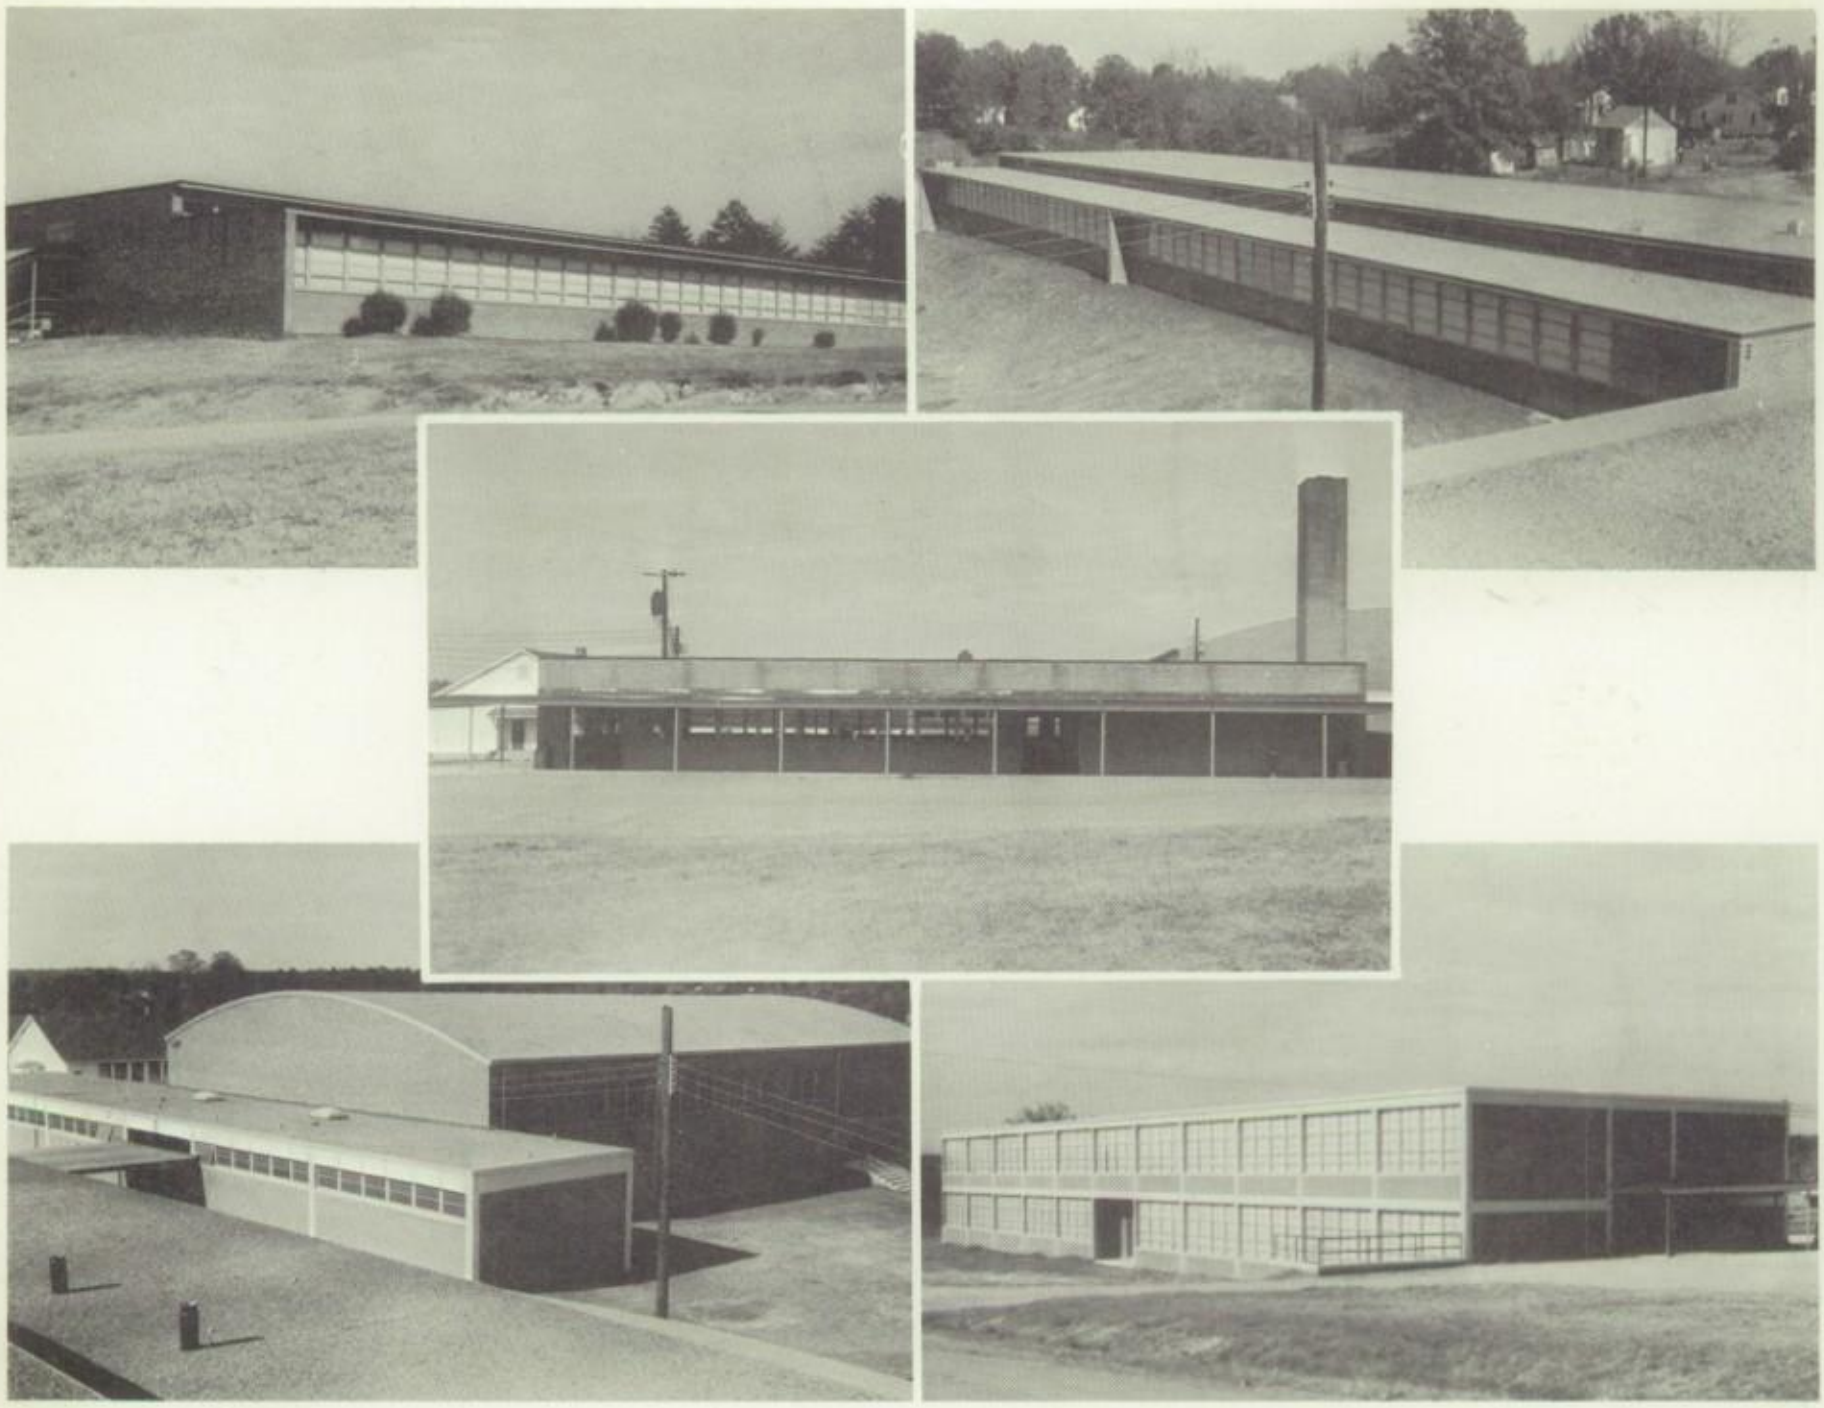
BLUE FLAME

Although our Roads lead different ways, to me you will always cross my path. Marvin may getting but happiness, success, Love & honor come to you in whatever you try to do. No matter what, I wish the best of everything to you. Never forget the things I have told you.

Love Forever,

C. G. J.



Central, We Love Thee

I
Central we Love thee, we'll honor thee daily
We'll fight for our colors the old gold and blue,
We'll never forsake thee although we do part,
We'll always adore thee you're part of our heart.
Chorus:
Central we love thee, Central we love thee,
Our love for thee shall never, never, die,
Central we love thee, Central we love thee
Our love for thee shall never, never die.

II

In the days of hard trials, when storms over take thee,
We'll act as a captain and bravely stand by,
We'll protect and defend thee, our dear Alma Mater,
'Til dark days are over and bright days appear.

TO MY CLASSMATES

Lo! At last our time has come,
To finish our first step in the venture of life
So long impatient for the start
At last we move, which trolls the heart.

In our hearts, memories will ring
Of the wonderful times we've had.
But we know we must depart
Inflicting pain within our hearts.

The schoolmates we know
Will fill our places.
But what is given to fill our hearts?
The joyous times that will soon grow dark?

Tears and pain, we will have
Of the golden days, no more to be.
Now in the future, we will dwell
The class of '64 bids farewell.

A
Responsibility to Look
Foreword

To the Seniors of Central High School, I would like to extend to you a few words of encouragement as you go from this school to other fields of endeavour. I am happy to say that it has been a great pleasure working with you and we shall miss you greatly -- yet in order to make progress it is necessary to keep moving. It is true that a satisfied mind makes no progress.

Seniors of 1963 and 1964, you are going out into a world that has been revolutionized to the greatest extent in history. It would be foolish and unrealistic to say that you are not living in an age that has presented the greatest challenges of all times. My advice to you is not to be discouraged and give up because of these challenges, but let each challenge become a victory because you have met it with strength and vigor and you have become the conqueror.

In today's world, you need more wisdom than ever before if you are to succeed in meeting the challenge of the tremendous power unleashed in the world ready to be exploited for good or ill. Homes, schools, and communities must contribute great resources for power. In order to be successful you must find creative strength and release of creative capacity in friendly relationship with others.

My parting words to you are: that hope for the future lies in your growing awareness of the responsibility you must bear. Hope lies, too, in increased willingness to work together in meeting the pressing needs of people everywhere. But hope lies most of all in our steadfast faith in the democratic ideal which offers self-respect to every individual. So with confidence in yourself, with hope for the future,

with great loyalty to your school and for your country

and with trust in the Almighty, may you

go forward and achieve great

success.

It has been a great
pleasure knowing you for the
past four years. I hope that you

had trying to finish those hard
English notebooks especially that
last one. (smile)
